The Madison Museum of Contemporary Art Welcomes One and All to the 66th Annual Art Fair on the Square

The Board of Trustees and Staff of MMoCA are excited to welcome you to the 66th annual Art Fair on the Square! The Art Fair on the Square is the largest and longest-running fundraiser for the Madison Museum of Contemporary Art (MMoCA). Over the Art Fair weekend, fairgoers can meet nearly 400 juried artists; purchase unique works of art and fine craft; taste sweet and savory treats from dozens of food vendors; visit sponsor booths to learn more about their offerings and giveaways; and take in live entertainment on three stages. Other features include the Silent Auction tent, along with a lively Kids Area and the Emerge Block, which highlights a dozen early career artists, some of whom will be exhibiting in an art fair for the very first time.

ABOUT MMoCA

The Madison Museum of Contemporary Art is an independent organization that exhibits, collects, and preserves modern and contemporary art to provide transformative experiences that educate, reflect, and inspire us as individuals and a community.

MMoCA is a vibrant organization that fosters the exchange of ideas and creates experiences that inspire a wide audience; a nexus for the work of emerging and established artists, welcoming compelling new work, presenting this and existing work in a dynamic and extraordinary space; a catalyst for the continued development of a vigorous community of artists; a forum that will encourage people to be challenged by, reflect on, and make connections between art and the world around them.

Museum exhibitions and most education programs at MMoCA are free to the public.

GREGORY FREDERIC

MMoCA Selected Gregory Frederic to be the 2024 Art Fair on the Square Featured Artist. The featured artwork, *Chase the Dream* is a mixed-media painting on canvas. A limited-edition, archival reproduction on canvas will be available for bidding in Silent Auction at the Art Fair.

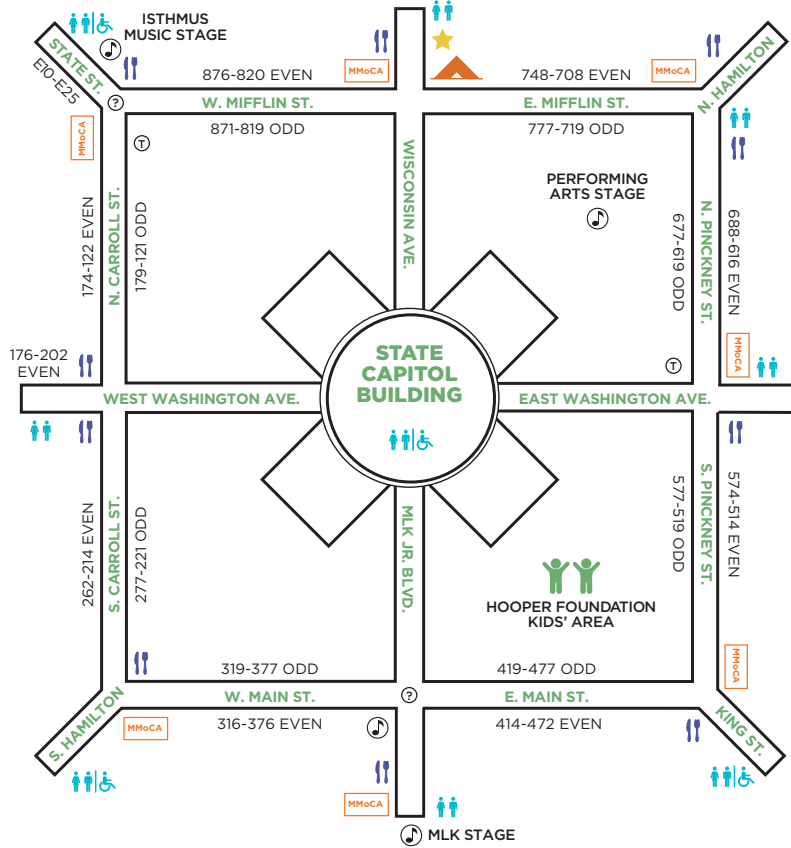

ARTIST'S STATEMENT

The inspiration for my colorful pieces comes from emotion felt through music, human form, injustices, and people I meet. I hope to inspire change, living in harmony, and respect for one another. My intuitive process uses color and movement to capture the viewer. I custom-mix most of my acrylic colors to create the desired depth and vibrant synergy within each piece. In my work, I break up objects with refraction lines allowing the dispersion of light. I would categorize my work as eclectic with a bit of surrealistic cubism. Primarily I want my pieces to evoke a feeling and stay immortal in the memory of patrons, which is evident in the uniqueness of my technique.

Gregory Frederic is based in Green Bay, WI

JURY PANEL

MMoCA is pleased to welcome the 2024 Art Fair on the Square Jurors

SAMANTHA CROWNOVER

Samantha Crownover is Executive Director of Bach Dancing & Dynamite Society, Madison's premiere chamber music festival. A strong advocate for the arts, she has a consulting business for purchases and collections management, managing historic buildings, and producing arts events for UW-Madison. She recently restored the Brisbane House, on the National Register of Historic Places, in Arena, WI, now open to overnight guests. Past positions include Curator at Tandem Press, a fine-art press at the UW-Madison; Interim-Director of the Madison Arts Commission; Intern at the Peggy Guggenheim Collection, and staff to the American Pavilion at the Venice Biennale. She has served as president of many local non-profit boards.

VERONICA FIGUEROA VELEZ

Veronica Figueroa Velez owns Art MVF Design LLC and is the Executive Director of DAMA, a nonprofit organization whose mission is to foster youth development through collective art experiences and to train local artists to stabilize and sustain community transformation processes. Figueroa Velez holds an Associate Degree in Graphic Design and Liberal Arts from Madison College, a Bachelor's Degree in Art Therapy from Edgewood College, and will attend Edgewood College in August 2024 to complete a Master's in Art Therapy.

Through art-making and creative expression, she has promoted community art spaces where people, especially youth, can come together to build community, heal, connect, and draw positive change. She believes that artistic expression helps open our eyes to injustice, conveying powerful new visions and possibilities, and that our originality helps us heal, survive, and thrive.

ELENA I. PITTS

Elena I. Pitts' work experience spans the field of fashion design; from a seamstress to head designer for a bridal atelier, to theater and custom design for a modeling agency, private clientele, and teaching. For the last three years, she has worked as a full-time instructor at Mount Mary University. Pitts previously spent several years as an Associate Professor at American InterContinental University in Atlanta and a few semesters at the Academy of Art University in San Francisco.

Pitts holds a Master of Fine Arts in Fashion Design, a Master of Science, and a BFA in Fashion Design. In 2009 Pitts launched her WRTW (Women's Ready to Wear line) at the Mercedes-Benz Fashion Week New York. In 2015 she launched her Kids and Mother & Daughter collection. Pitts designed the special occasions ensemble for the team of Russian Cosmonauts and, from 2010 to 2020, was the designer and stylist for the First Lady of Georgia Tech.

ROBERTO TORRES MATA

Roberto Torres Mata is a multidisciplinary artist whose work delves into the issues surrounding migration in the Americas and beyond. He earned his Bachelor's degree from Western Illinois University and his Master's degree from the University of Madison-Wisconsin.

Mata has exhibited at the Metropolitan Art Museum, Museum of Wisconsin Art, Madison Museum of Contemporary Art, Chazen Art Museum, and Antigua Academia de San Carlos. His compelling artistic expressions have resonated with diverse audiences, leading to the acquisition of his pieces by universities, museums, and private collectors.

Mata has received notable accolades, including the Graduate Research Scholars Award, the Chazen Prize, and the Laguna Arts Prize, allowing him to exhibit his work at the Arsenale in Venice, Italy.
